Positions & Quotes

Supports more local control over gun regulations and strict background checks

[CityLab](#)

"I support any legislation that makes sure - while keeping the integrity of the Second Amendment and the right to bear arms - that if you have a gun, you are a person who should have a gun."

[CityLab](#)

"It's really about having common sense legislation that is in place that does not allow the NRA to have free reign on our legislative process so that these weapons can continue to pour into our streets, into the hands of individuals that are shooting up schools, and that are plaguing our neighborhoods streets."

[CityLab](#)

" As elected mayor I'm fighting it, and if I'm elected president, my first four years- my goal is to reduce gun violence by 50%, and by the end of my administration to end it in total."
